

Illuminated Bollard 1000mm Stainless

The AUTOPA Stainless Illuminated Bollard is a commercial and public standard illuminated bollard, suitable for all areas accessible to the public, from city squares, public parks to university campuses and hotel grounds. The highly robust construction and design are manufactured to all relevant standards thus ensuring the longevity of the Stainless Illuminated Bollard in the most challenging environments.

The 20W LED lamp is housed in an aluminium light diffuser which is protected by a polycarbonate sleeve.

The Stainless Illuminated Bollard is rated to IP54 and available in a concrete in only finish.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 122 550	Stainless Illuminated Bollard	16kg

Product details

- 154mm Diameter tube
- 1000mm (height above ground)
- Concrete in 500mm (below ground)
