

Traditional Polyethylene Bin Polyethylene

A well-known sight around the UK, the traditional litter bin from AUTOPA is manufactured from medium density polyethylene. Highly durable, these bins are UV stable and ideal for high traffic public areas such as high streets and parks.

All versions bin feature a removable galvanised steel liner and are available in three standard colours (black, dark green and burgundy).

The base of the bin can be bolted onto the floor in the open top and hooded versions for added security.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 108 701	Hooded Top	13kg
138 108 711	Open Top	10kg
138 108 716	Post Mounted	7kg
