

GFC3000 900mm Galvanised or Galvanised & Colour

The GFC3000 is an attractive and functional ornamental bollard. The bollard is manufactured from mild steel and galvanised for longevity & features a welded cap and rings on the steel body to complete the design.

Available in galvanised and galvanised and coated finishes (RAL/BS numbers must be specified at time of order). Supplied Concrete In as standard, Bolt Down and Removable versions are also available.

Eyelets, hooks and chains can be added to these bollards to complete the decorative effect. Please ask for more information.
