

Type G Hi-Lo Cycle Rack Galvanised

The High/Low version of the Type G Cycle Rack utilises a combination of high and low cycle holders to increase the number of bicycles that can be stored within a set location. Practical and durable, the Type G (High/Low) Cycle Rack is manufactured from galvanised mild steel and is designed to withstand the knocks and bumps associated with intensive daily use.

The Type G (High/Low) Cycle Rack is available in racks for two to six bicycles and is supplied fully welded. Available in a galvanised finish only.
