

EcoSheffield Cycle Stand

Galvanised, Galvanised & Colour or Stainless

The tubular cycle stand, a familiar sight throughout the UK, allows the frame of the bicycle to be secured by the users own security lock.

Suitable for securing two bicycles. The EcoSheffield is a reduced footprint variant of the ever popular Sheffield cycle stand.

The practical and durable nature of the EcoSheffield cycle stand ensures it has been consistently recommended by cycling groups since it's introduction in the 2000's.
