

Kirby Cycle Stand

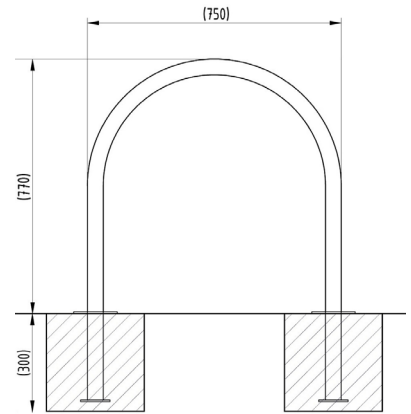

Galvanised, Galvanised & Colour or Stainless

The tubular cycle stand, a familiar sight throughout the UK, allows the frame of the bicycle to be secured by the users own security lock. Suitable for securing two bicycles. The Kirby is a rolled variant of the ever popular Sheffield cycle stand.

The practical and durable nature of the Kirby cycle stand ensures it has been consistently recommended by cycling groups since it's introduction in the 2000's.

Shown is the galvanised flanged version of the Kirby Cycle Stand.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 515 145	Galvanised - Concrete In	9kg
138 515 140	Galvanised - Bolt Down	8kg
138 515 147	Galvanised & Black - Concrete In	9kg
