

# Buckby Cycle Stand Galvanised, Galvanised & Colour or Stainless

The Buckby Cycle Stand is a shaped tubular cycle stand. The design allows the frame of the bicycle to be secured by the users own security lock. The Buckby Cycle Stand is suitable for securing two bicycles. The Buckby Cycle Stand is available in galvanised steel, Grade 304 and Grade 316 Stainless Steel, with ragged feet for casting into new concrete or flanged feet for bolting to an existing surface.

The practical and durable nature of the Buckby Cycle Stand stand ensures that the stand will complement any environment and offers an aesthetically pleasing alternative to the Sheffield Cycle Stand.
